Cooler weather is a welcome change from the heat we had this summer. The colors of fall will change into the whiteness of winter soon enough. The Village will be prepared to clear streets and keep traffic moving if the need arises. In the meantime we are finishing up on grass and weed maintenance. The cemetery will be cleaned of any decorations, so make sure you have all items that you want to save, cleared off of the graves by October 15.

All decorations affixed to the headstones can remain as we do not remove those. Winter decorations are allowed from November 15 to March 15.

The chipping will start on November 5 so please have all of your materials to be chipped on the curb by the morning of November 5. We asked that you place all your materials at one time so we do not have to make return trips to your street. All streets and alleys are traversed once to clear away the debris. The coverage of all streets and alleys does take some time. We thank you for your cooperation and patience.

Vice President of Commission Greg Rice and President Larry Tillman have joined together to have a Bill of Rights monument placed in front of the Town Hall. They have been soliciting private donations to pay for the project. The monument will be placed by Roby's Memorial.
